MEMORANDUM FOR THE RECORD

SUBJECT: Plans of the Dominican Internal Opposition and Dominican Desk for Overthrow of the Trujillo Government.

1.

plans have been developed on a tentative basis which appear feasible and which might be carried out unilaterally and covertly by CIA with a minimal risk of exposure. They are as follows:

a. Delivery of approximately 300 rifles and pistols, together with ammunition and a supply of grenades, to secure cache on the South shore of the island, about 14 miles East of Ciudad Trujillo.

b. Delivery, to the same cache described above, of an electronic detonating device with remote control features, which could be planted by the dissidents in such manner as to eliminate certain key Trujillo henchmen. This might necessitate training and introducing into the country by illegal entry a trained technician to set the bomb and detonator.
